IN REPLY PLEASE

REFER TO FILE: **C-1**

May 29, 2007

The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, CA 90012

Dear Supervisors:

**AMENDMENT TO AGREEMENT
WITH CALIFORNIA INTEGRATED WASTE MANAGEMENT BOARD
RUBBERIZED ASPHALT CONCRETE TECHNOLOGY CENTER
ALL SUPERVISORIAL DISTRICTS
3 VOTES**

IT IS RECOMMENDED THAT YOUR BOARD:

Authorize the Director of Public Works, or his designee, to conduct business with the State of California, California Integrated Waste Management Board (Waste Board), on any and all matters relating to Public Works' operation of the Southern California Rubberized Asphalt Concrete Technology Center (Technology Center). Upon your Board's approval, the Director will negotiate and execute amendments to the term of the existing Agreement substantially similar to the enclosed Standard Agreement Amendment, and sign any other amendments and requests for reimbursement through June 30, 2009, at a cost not to exceed \$100,000, which will be fully reimbursable from the Waste Board.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

This action authorizes the Director of Public Works, or his designee, to enter into contract amendments with the Waste Board to continue operation of the Technology Center.

Since 1997, Public Works has operated the Technology Center under agreements with the Waste Board approved by your Board. The Technology Center provides information and training about the use of rubberized asphalt concrete to other government agencies and interested parties within the State of California. Rubberized asphalt concrete incorporates crumb rubber from waste tires thus diverting waste tires from potential disposal in landfills.

IMPLEMENTATION OF STRATEGIC PLAN GOALS

This project is consistent with the County Strategic Plan Goal of Service Excellence since it will provide information about the use of rubberized asphalt concrete to other government agencies and interested parties, which encourages recycling of waste tires.

FISCAL IMPACT/FINANCING

There is no net County cost for these services.

The cost of the services to be provided is not to exceed \$100,000, which will be reimbursed by the Waste Board under the terms of the proposed Agreement.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

On June 27, 2006, your Board authorized the Director of Public Works, or his designee, to conduct business with the Waste Board on any and all matters relating to Public Works' operation of the Technology Center, including negotiating and executing an agreement and signing any amendments and requests for reimbursement through June 30, 2007. The Waste Board has requested that the Agreement be extended. Approval of the recommended action will allow Public Works to continue to act on all matters relating to the Technology Center through June 30, 2009.

ENVIRONMENTAL DOCUMENTATION

The California Environmental Quality Act requires public agency decision makers to document and consider the environmental implications of their actions. The recommended action does not constitute a project as defined under Section 15378(b)(4) of the California Environmental Quality Act Guidelines and therefore does not require an environmental finding.

The Honorable Board of Supervisors
May 29, 2007

IMPACT ON CURRENT SERVICES (OR PROJECTS)

There is no impact on current services or projects associated with the proposed action.

CONCLUSION

Please return one adopted copy of this letter to Public Works.

Respectfully submitted,

DONALD L. WOLFE
Director of Public Works
